By signing this recommendation form, the School Principal is certifying that he/she is in compliance with Section 48800 of the Education Code.

For Summer Session Classes ONLY:

Note: The principal of a school may recommend a pupil for community college summer session for the following courses regardless of the 5% limitation:

- (1) College course-level coursework that applies toward the IGETC or CSU GEB requirement;
- (2) College-level occupational coursework that is part of a sequence of career-technical education courses leading to a degree or certificate in that subject area.
- (3) Courses that are necessary to assist pupils who have not passed the California High School Exit Exam.

Other than these 3 exemptions to the 5% rule, the principal of a school may only recommend a pupil for community college summer session if that pupil meets all of the following criteria:

- (A) Demonstrates adequate preparation in the discipline to be studied.
- (B) Exhausts all opportunities to enroll in an equivalent course, if any, at his or her school of attendance.

If the pupil does not qualify for one of the 3 exemptions, a principal may not recommend for community college summer session attendance more than 5 percent of the total number of pupils who completed that grade immediately prior to the time of recommendation.
