

# Dr. Lynn E. Frink

1927-2007

**APRIL, 2007: College Mourns Passing of  
Dr. Lynn E. Frink**

Dr. Lynn E. Frink, who served on the Yuba College Foundation Board of Directors from 1993 until 2001, passed away at his home in Brownsville, California on April 14, 2007. Dr. Frink, who was one of the co-founders of Sutter Buttes Imaging (a leading regional radiological practice) had served during the 1998 and 1999 academic years as President of the Foundation Board.

While under Dr. Frink's leadership, the Foundation began plans for the donor recognition walls at both Yuba College and Woodland Community College. Through Dr. Frink's personal financial support, these walls were both completed in 2004, where they continue to recognize both his own generosity and that of many others who have helped the Foundation since its founding in 1972.

While serving on the Board, Dr. Frink also supported the Women's Re-entry Program for students who were returning to college to upgrade their education and skills. In dedication to these professional and personal interests, members and friends of the family have established both a Re-entry Scholarship and a Radiological Technology in his name.
