
Emergency Disaster Relief

The area in which Yuba Community College District is located has been home to more than its share of natural disasters. In times of local, regional or national crises, Yuba College Foundation teams up with the American Red Cross to collect funds to address these emergency needs. Disasters such as Hurricane Katrina brought forth a great show of support from the YCCD family and this support was delivered to an appreciative regional Red Cross chapter.

However, a payroll deduction, designated to the Emergency Disaster Relief Fund, can be a relatively painless way to give even more when it is need most. Several YCCD employees show their support in this manner by designating payroll deductions to the Emergency Disaster Relief Fund.
