
Instrumental Music Fund

The Instrumental Music Fund provides myriad avenues of support to students enrolled in Dr. Alan Miller's music program. Musicians from Yuba Community College District have become not only great local entertainers and educators, but have gone on to other colleges and universities to continue the excellent training initiated by Dr. Miller.

Donations to this fund provide assistance in purchasing instruments, assist in the maintenance and care of such instruments, and even occasionally assist a student in need. Because this program is performance-based, your donations also support such the development of staging backdrops, accompanists, and the contracting of special guests to perform with the Instrumental group.
