
Speech Team Fund

The Yuba College speech team, both as a group and as individuals, has earned a great amount of acclaim as they complete regionally and nationally against both community colleges and universities. Under the leadership of Suzanne Ruckle, the Speech Team has, with the help of donor support, repeatedly gone to high visibility speech tournaments and walked away with trophies and ribbons, putting Yuba College “on the map” in the fields of public speaking and oral interpretation.

The Speech Team Fund essentially pays to send teams of students to tournaments. While the students themselves have been able to cobble together enough support to compete locally, your additional support empowers the speech team to continue to compete successfully at a national level. The benefit to students in thereafter matriculating to outstanding university programs is immense.
