
Adult Re-entry Scholarships

Grace Clement Memorial Scholarship – Targets re-entering students who have been away from a college environment for several years. While no GPA requirement exists, it is understood that high motivation should be demonstrated in the student's application materials.

Reita Huckins-Bell Scholarship – This scholarship recognizes (primarily) women re-entry students who have chosen to pursue either two- or four-year degree paths in vocational/technical fields. As an incentive-based scholarship, the Huckins-Bell award will consider students with a 2.5 GPA, but expects them to maintain a 3.0 in order to retain the support beyond its first semester.

Dr. Lynn E. Frink Memorial, Re-Entry – Dr. Lynn Frink actively supported the Grace Clement Memorial Scholarship while a member of the Yuba College Foundation Board. Students must meet the Clement Scholarship criteria to be eligible for the Frink Memorial Scholarship.
