

December 6, 2007

To: Architect/Engineers

From: Director - Bond Facilities Construction  
Yuba Community College District

Subject: Proposed Schedule of Work  
Proposed Fee Schedule

Architect/Engineers (A/E) invited by the Yuba Community College District to participate in interviews for various Measure J Bond Program Projects, may, at the conclusion of respective interviews, be required to subsequently provide to the District a proposed project schedule and proposed fee schedule for services addressed during the interview process.

Should such separate proposals be required, they are to be submitted in the form presented on the attached samples. These forms will be available in electronic format on the District's Measure J Bond Program Website. The A/E will be able to download these forms and complete the required information, for subsequent return submittal to the District.

The District will indicate, during the interview process, if these forms will be required of the A/E, and when they will be due to the District.

Enclosures: as stated
