Release Date: April 20, 2010

Request for Qualifications (RFQ) for On-Call Professional Services for Various Major Measure J Bond Projects (RFQ No. 10-001J)

NOTICE TO ON-CALL PROFESSIONAL SERVICES PROVIDERS

For RFQ No. 10-001J, On Call Professional Services, District staff and Program Manager have completed the preliminary review of all submittals for the initial priority categories, in response to Measure J Bond Program and Project requirements. Those categories are: Environmental Analysis, Soils/Geotechnical, Surveying, and Civil Engineering.

Additionally, scoring of submittals for those other categories for which services are anticipated, but not immediately required, has also commenced. Those services include Traffic/Parking, Building Commissioning Services, Security Systems/Planning and Special Tests/Inspections.

As the District identifies specific required services the highest scoring firms in the respective categories will be requested to participate in a formal quote process. As indicated in the RFQ, the District may also conduct interviews of selected respondents. The District will evaluate the best value of received quotes and make corresponding recommendations to the Board of Trustees for the award of Professional Services Agreements. This will be an ongoing, continuous process as work proceeds on the Bond Program.

Subject to ongoing Measure J Bond Program and project requirements the scheduling of additional scorings and the selection of service providers, will be determined by the District accordingly.
