

Monica Kratochvil, RVT Instructor

Senior Hospital Medical Transcriber
Veterinary Medical Teaching Hospital
School of Veterinary Medicine
Davis, CA 95616
mkratoch@yccd.edu

Monica Kratochvil, RVT a Yuba College Veterinary Technology Program graduate has been employed by the University of California, Davis for 27 years. Additionally she has been employed by IDEXX Diagnostic Laboratories in Sacramento, CA.

Her specialty is small animal practice with interests in pathology, large and small animal dentistry, laboratory animals, leadership and mentoring veterinary technology students. Monica delights in helping people with passing the state and national board licensing examinations.

Currently Monica instructs our VETT 59R (Veterinary Technology Board Review), and VETT 5R (Veterinary Technology Internship) courses and she mentors our second year students through our summer "Boot Camp" program. Monica enjoys running in her spare time and regularly competes in distance running events; she enjoys pocket pets and rabbits.
