

Misleading and False Information

Regrettably during situation such the Coronavirus pandemic there will be individuals that disseminate misleading and false information, usually through social media. Please verify information with the appropriate local and state public health agencies before sharing. They are doing a good job in providing information online and through their social media outlets in a timely manner. Remember just because it is in print does not always mean it is real.

Earlier this week a false message was sent out claiming to be from Sutter County District Attorney. Here is the response from the county.

The following are the website for local county public health departments and the California Department of public Health.
