Report on the Financial Statements

We have audited the accompanying financial statements of the Yuba Community College District, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Yuba Community College District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Yuba Community College District Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Yuba Community College District, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information section, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Yuba Community College District's basic financial statements. The accompanying schedule of expenditure of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award and other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2020 on our consideration of the Yuba Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Yuba Community College District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

**YUBA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

ACCOUNTING STANDARDS

The format of these financial statements follows Governmental Accounting Standards Board (GASB) Statement No. 35, Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities—An Amendment of GASB Statement No. 34. The California Community Colleges Chancellor's Office has recommended that all State community college districts follow the business type activity (BTA) model. Yuba Community College District (the District) applied the BTA reporting model to comply with this recommendation and to report in a manner consistent and comparable with other community college districts. The following management's discussion and analysis (MDA) provides an overview of the District's financial activities.

BASIS OF ACCOUNTING

As required by accounting principles, the annual report consists of three basic financial statements that provide information on the District as a whole: the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. The information provided on the statements in the MD&A includes all funds, excluding the Student Associations of Yuba College, Woodland Community College, Clear Lake Campus, and Sutter County Center, and excludes the District Foundation. Each statement will be discussed separately. Separately issued financial statements for the Foundation can be obtained from the District.

Under the BTA model of financial reporting, a single District-wide statement is required to report financial activity for all funds of the District. The following information is provided to help with the understanding of the financial statements.

**YUBA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

FINANCIAL AND ATTENDANCE HIGHLIGHTS

The discussion and analysis of the Yuba Community College District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2020, including comparative information for the year ended June 30, 2019. The intent of the "Management Discussion and Analysis" is to look at the District's financial performance. To provide a complete understanding of the district's financial standing, this analysis should read in conjunction with the entire Independent Auditor's Report, particularly the District's financial statement beginning on page 12 and the notes to the basic financial statements beginning on page 21.

The 2019-20 State Budget Act was adopted on June 27, 2019. The budget is balanced and continues to demonstrate the Governor's Commitment to higher education for community colleges and the need to set aside resources in the rainy-day fund. While the economy continues to expand, even a moderate recession could have significant impact on state revenues for several years.

The 2019-20 revenue budget for apportionment under the Student-Centered funding formula uses three calculations: (1) a Base Allocation, which primarily factors Credit FTES; (2) a Supplemental Allocation, which counts low income students, and (3) a Student Success Allocation, which counts outcomes related to the Vision for Success, with premiums for outcomes of low-income students. In addition, Non-Credit and Special Admit FTES are funded at the current rates.

The District's primary funding source is from apportionment received from the State of California. The largest allocation of this apportionment is the calculation of Full-Time Equivalent Students (FTES). The District achieved full-time equivalent students (FTES) of 6,949 in 2019-20. See the below chart for a historical perspective on the changes in FTES over the past 8 fiscal years.

**YUBA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

STATEMENT OF NET POSITION

The statements of net position include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private sector organizations. The District's Net Position decreased by \$1.35 million due primarily to the changes in the net pension liability. The total net position remains negative due to the pension standards implemented in the 2014-15 year and GASB 75 in 2017-18. Under these accounting standards, the District is recognizing its proportional share of the underfunded pension systems for both the California Public Employee's Retirement System (PERS), California State Teachers' Retirement System (STRS) system, and the full liability of its Other Post Employment Benefits.

Change in Net Position	\$ 2,315,344	\$ 1,164,963	\$ 1,150,381

The District's primary revenue is from the State apportionment, local property taxes, student enrollment fees, and grants. The composition of operating and nonoperating revenues for the year ended June 30, 2019 are reflected below:

**YUBA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

STATEMENTS OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION, continued

The District's expenses consisted primarily of employee salaries, benefits, supplies and operating items, and payments to students for financial aid. Total salaries increased \$799 thousand over the prior year, due primarily to step and column and an increase in categorical positions. Benefits decreased \$4.2 million due to State contributions on behalf of District employees, changes in the District's net pension liability, implementation of GASB Statement No. 75 for the net OPEB liability, and the District settled one Collective Bargaining Agreements (POA), with retroactive and current fiscal year payments or the year. Operating and nonoperating expenses are comparatively reflected below:

**YUBA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2020, the District had \$244.5 million in a broad range of capital assets, including land, buildings, and furniture and equipment. At June 30, 2020, the District's net capital assets were \$170.2 million. Projects will be accounted for within our Construction in Progress account until the project is completed at which time the cost will be recorded to the depreciable capital asset categories.

	2020	2019	Change
Capital assets not being depreciated	\$ 13,782,871	\$ 11,119,326	\$ 2,663,545
Capital assets being depreciated	230,723,600	233,513,129	(2,789,529)
Accumulated depreciation	(74,285,184)	(68,104,320)	(6,180,864)
Total Capital Assets	\$ 170,221,287	\$ 176,528,135	\$ (6,306,848)

We present more detailed information about our capital assets in Note 5 to the financial statements

Long-term Liabilities

At June 30, 2020, the District had \$217.6 million in bonded debt outstanding, including premium on bonds and accreted interest. These bonds are repaid semi-annually, utilizing District Funds, in accordance with the debt service schedules.

In addition to the bonded debt, the District is obligated for other long-term liabilities.

	2020	2019	Change
General obligation and revenue bonds	\$ 217,560,484	\$ 184,675,960	\$ 32,884,524
Compensated absences	1,698,004	1,621,777	76,227
Net OPEB liability	54,667,946	71,191,112	(16,523,166)
Net Pension liability	57,083,201	54,692,100	2,391,101
Other loans	-	128,392	(128,392)
Other long-term liabilities	6,681,248	7,024,066	(342,818)
Total Long-term Liabilities	\$ 337,690,883	\$ 319,333,407	\$ 18,357,476

We present more detailed information about our long-term liabilities in Note 6 to the financial statements.

**YUBA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

ECONOMIC FACTORS THAT MAY AFFECT THE FUTURE

- The economic position of the Yuba Community College District is closely tied to the State of California. As identified in the 2019-20 adopted budget, State apportionment funding and property taxes allocated to the District represent approximately 72 percent of the total revenue received by the District for its unrestricted general operating fund.
- The Governor's 2019/20 budget for community colleges contained a Cost-of-Living Adjustment (COLA) of 3.26%.
- The formula for calculating General Apportionment changed effective 2018-19. The Student-Centered Funding Formula (SCFF) fundamentally changed the basis for the calculation from solely based on Full Time Equivalent Student (FTES) to a combination of FTES, student need, and student success outcomes. The 2019-20 budget amended the SCFF's structure to create longer-term stability and clarify the outcomes. The changes moderate the transition by calculating funding rates so that, in 2019-20, 70 percent of funds would be allocated for the base allocation, 20 percent for the supplemental allocation, and 10 percent for the student success allocation. The rates then would simply grow by cost-of-living adjustments (COLA) beginning in 2020-21. The student success allocation counts only the highest of the degrees and certificates a student earned in a year and counts an award only if the student was also enrolled that year. A transfer student is one who completed at least 12 units in the district and subsequently enrolled in a four-year university to better identify students who start in the community colleges with the goal of transferring to earn a bachelor's degree. A three-year average of the factors is used to in allocations. The budget extends the minimum revenue provision so that districts will receive at least their 2017-18 revenues, adjusted by COLA, through 2021-22.
- The Governor's 2020/21 budget for community colleges was favorable considering the impact the COVID-19 pandemic has had on the economy at the national, state, and local levels. Rather than cuts to funding, the colleges were subjected to substantial cash deferrals. The Governor's 2021/22 budget is still unknown. More information will be released in January 2021 in the Governor's Budget Workshop
- GASB 75 – Retiree Health Benefits: The actuarial study required by GASB 75 to project the District's future Retiree Health funding obligations was updated in June 2020 and included a "Total OPEB Liability (TOL)" of \$54,667,946. The District was required to comply with GASB 75 beginning with the 2017-18 fiscal year. The District has established an irrevocable trust fund for Retiree Health Benefits during 2019-20. As of June 30, 2020, the District had made contributions of \$3 million to the Irrevocable Trust Fund for Retiree Health Benefits.
- Pensions: The District's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018, rolled forward to June 30, 2019, using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the state, actuarially determined. At June 30, 2020, the District's portion of PERS and STRS liability was \$57,083,201.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

Definition of the Reporting Entity Yuba Community College District (the District) is a political subdivision of the State of California and provides higher education. The District consists of two community colleges and four additional centers (the Primary Institution).

For financial reporting purposes, the District includes all funds, agencies, and authorities that are controlled by, or dependent on, the District's executive and legislative branches. Control by, or dependence on, the District was determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the District, obligations of the District to finance any deficits that may occur, or receipt of significant subsidies from the District.

The financial statements of the District include the financial activities of the District and the combined totals of the trust and agency funds, which represent the various scholarships and student organizations within the District.

The District and the Yuba Community College District Foundation (the Foundation) have financial and operational relationships that meet the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) for inclusion of the Foundation as a component unit of the District. Accordingly, the financial activities of the Foundation as a component unit have been included in the financial statements of the District. The separately audited financial statements of the Foundation may be obtained from the District.

The following are those aspects of the relationship between the District and the Foundation that satisfies GASB:

Accountability: The Foundation operates under a master agreement with the District in accordance with the California Education Code requirements. The District is able to impose its will upon the Foundation. The Foundation provides specific financial benefits or imposes specific financial burdens on the District.

Scope of Public Service: The Foundation is a nonprofit, public benefit corporation incorporated under the laws of the State of California. The Foundation was formed to promote and assist the educational services of the District.

Discrete Presentation: For financial presentation purposes, the Foundation's financial activities have been discretely presented with the financial activities of the District.

Basis of Accounting For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities (BTA). Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant interfund transactions have been eliminated.

The budgetary and financial accounts of the District are recorded and maintained in accordance with the *Budget and Accounting Manual*, issued by the Chancellor's Office of the California Community Colleges.

YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and all highly liquid investments purchased with an original maturity of three months or less.

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

In accordance with California Education Code, Section 41001, the District maintains substantially all of its cash in the Yuba County Treasury as part of the common investment pool. The County is restricted by California Government Code, Section 53635 pursuant to Section 53601, to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. Investments in the County pool are valued using the amortized cost method (which approximates fair value) and include accrued interest. The pool has deposits and investments with a weighted-average maturity of less than two years. The fair value of the County pool at June 30, 2020 was 100.4724. Information regarding the amount of dollars invested in derivatives with the County was not available. The County investment pool is subject to regulatory oversight by the Treasury Oversight Committee as required by California Government Code, Section 27130. The District is considered to be an involuntary participant in the external investment pool.

The calculation of realized gains and losses is independent of the calculation of the net increase or decrease in the fair value of cash and cash equivalents. Realized gains and losses on cash and cash equivalents that had been held in more than one fiscal year and sold in the current year may have been recognized as an increase or decrease in the fair value of cash and cash equivalents reported in the prior year. The change in fair value of cash and cash equivalents was insignificant during the year ended June 30, 2020, and there was no significant unrealized gain or loss on cash and cash equivalents held as of June 30, 2020.

Accounts Receivable Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in California. Accounts receivable also include amounts due from the federal, state and local governments, or private sources in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. The District utilizes the allowance method with respect to its accounts receivable based on all student accounts receivable with an age greater than two years old in combination with historical collection information. There was no allowance at June 30, 2020.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investments Investments are reported at fair value. Fair value is determined from quoted market prices. The District is restricted by state law and the Board's investment policy in the types of investments that can be made. Permissible investments include the County treasury, the state local agency investment fund (LAIF), federally insured deposits, and individual securities. The weighted average maturity of all investments shall be three years or less. The District's investment policy established safety of principal as the primary investment objective. The District's investment strategy is to realize a reasonable interest yield, and investment decisions are executed with the intent that they will be held to maturity.

Unamortized Bond Discount Unamortized bond discount represents the difference between the par value of the bonds issued and the gross proceeds received, before issuance costs. This amount is amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective-interest method.

Capital Assets Capital assets are recorded at cost on the date of acquisition or fair value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. Renovations to buildings and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repair and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method with the monthly convention over the estimated useful life of the assets; generally 50 years for buildings, 10 years for land improvements, 8 years for equipment, and 3 years for technology equipment. Land and construction in progress are considered nondepreciable capital assets; therefore, no depreciation is computed.

Assets Held by Third Party The Foundation transfers funds to the Foundation for California Community Colleges (FCCC) in accordance with a partnership agreement dated March 2009 with the California Community Colleges Scholarship Endowment (the Endowment).

Advances From Grantors Advances from grantors include amounts received from grant and contract sponsors that have not yet been earned.

Advances From Students Advances from students include amounts received for tuition, fees, and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period.

Amounts Held in Trust for Others The Foundation administers funds for certain college related organizations. The liability represents the amount of funds held for these organizations.

YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Compensated Absences Compensated absences' costs are accrued when earned by employees. Accumulated unpaid employee vacation benefits are recognized at year end as liabilities of the District. The District has a load-banking program for eligible faculty employees whereby the employee may accrue overload service toward a paid leave.

Bond Premium Bond premiums are deferred and amortized over the term of the bonds using the effective interest method. Bond premiums are recorded as long-term liabilities.

Net Position The District's net position is classified as follows:

Net Investment in Capital Assets – Represents the District's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred for capital assets, but not yet expended, such amounts are not included as a component of net investment in capital assets.

Restricted Net Position – Expendable: Includes resources in which the District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Unrestricted Net Position – Unrestricted net position represents resources derived from student tuition and fees, state apportionments, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the District, and may be used at the discretion of the governing board to meet current expenses for any purpose. When an expense is incurred that can be paid using either restricted or unrestricted resources, it is the policy of both the District and the Foundation to first apply the expense towards restricted resources and then towards unrestricted resources.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the District's policy is to first apply the expense toward restricted resources, and then toward unrestricted resources.

Classification of Revenue The District has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues: Includes activities that have the characteristics of exchange transactions, such as: (1) student tuition and fees, net of scholarship discounts and allowances; (2) sales and services of auxiliary enterprises; and (3) most federal, state, and local grants and contracts, and federal appropriations.

Non-operating Revenues: Includes activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues, such as State appropriations and investment income, according to GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting; and GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments.

Scholarship Discounts and Allowances and Financial Aid Student tuition and fee revenues are reported net of scholarship discounts and allowances in the statement of activities. The District offers Board of Governors' waivers (BOG) to qualified students, and these tuition waivers are reported as scholarship discounts and allowances.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Risk Management The District's property and liability coverage is insured through the Northern California Community Colleges Self Insurance Authority (NCCC SIA). The District retains the risk up to \$1,000 per occurrence. The NCCC SIA retains the risk up to \$25,000 on property and \$25,000 on liability. Insurance above these levels is ceded to another joint power authority, Statewide Association of Community Colleges (SWACC), and to a level of \$5 million on liability and \$250 million on property.

The District is also a member of the NCCC SIA for workers' compensation coverage. Within NCCC SIA, the workers' compensation insurance program is insured with first-dollar coverage through a joint powers authority, Protected Insurance Program for Schools (PIPS).

Estimates Used in Financial Reporting In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements as well as revenues and expenses during the reporting period. Actual results could differ from those estimates. The District's largest source of revenues are property taxes, enrollment fees, and state revenues. Each of these revenue types is subject to some estimation at the date of the financial statements.

Budgets and Budgetary Accounting By State law, the District's governing board must approve a tentative budget no later than July 1, and adopt a final budget no later than September 15 of each year. A hearing must be conducted for public comments prior to adoption. The District's governing board satisfied these requirements.

The budget is revised during the year to incorporate categorical funds that are awarded during the year and miscellaneous changes to the spending plans. The District's governing board approves revisions to the budget.

General Apportionment and Property Tax The District's general apportionment is received from a combination of local property taxes, state apportionments, and other local sources.

The counties are responsible for assessing, collecting, and apportioning property taxes. Taxes are levied each fiscal year on taxable real and personal property in the counties. Secured property taxes attach as an enforceable lien on property as of March 1. Property taxes on the secured roll are due on November 1 and February 1 and become delinquent after December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The following counties bill and collect the taxes for the District: Butte, Colusa, Glenn, Lake, Placer, Sutter, Yolo, and Yuba.

Secured property taxes are recorded as revenue when apportioned in the fiscal year of the levy. The counties apportion secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4705 of the California Revenue and Taxation Code. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll on approximately October 1 of each year.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

General Apportionment and Property Tax, continued

Property taxes are recorded as local revenue sources by the District. The California Community Colleges Chancellor's Office reduces the District's entitlement by the District's local property tax revenue, Education Protection Account funding, and student fees. The balance is paid from the state's General Fund and is referred to as the state apportionment. The District's base revenue is the amount of general purpose tax revenue, per full-time equivalent student (FTES), that the District is entitled to by law.

Reclassifications Certain reclassifications have been made to prior-year amounts to conform with the current-year presentation.

New Accounting Pronouncements The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the District.

GASB Statement No. 84 – Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for periods beginning after December 15, 2019.

GASB Statement No. 87 – Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement is effective for periods beginning after June 15, 2021.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 3 – CASH AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis. The County Treasurer also holds investments in a separate investment agreement account other than the County Pooled Investment noted above on behalf of the District.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None

NOTE 3 – CASH AND INVESTMENTS, continued

Summary of Deposits and Investments

Deposits and investments of the Primary Government as of June 30, 2020, consist of the following:

Governmental Funds:

Cash on hand and in banks	\$ 178,516
County treasurer's investment pool	101,794,229
Cash with fiscal agent	1,296,417
Total cash and investments - Primary Government	<u>\$ 103,269,162</u>

Deposits and investments of the Fiduciary Funds as of June 30, 2020, consist of the following:

Fiduciary Funds:

Cash on hand and in banks	\$ 99,436
County treasurer's investment pool	7,730
Cash with fiscal agent	3,340,790
Total cash and investments - Fiduciary Funds	<u>\$ 3,447,956</u>

Summary of Deposits and Investments

Deposits and investments of the Discretely Presented Component Unit - Foundation as of June 30, 2020, consist of the following:

Foundation:

Cash on hand and in banks	\$ 168,580
Corporate bonds	1,815,133
Municipal bonds	351,105
U.S. Treasuries	1,817,906
Money market mutual fund	743,027
Equity securities	4,474,088
Total cash and investments - Foundation	<u>\$ 9,369,839</u>

Custodial Credit Risk – Deposits

For deposits, custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be returned. The District and Foundation do not have a deposit policy for custodial credit risk. As of June 30, 2020, none of the District's or Foundation's bank balances were uninsured and uncollateralized.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 3 – CASH AND INVESTMENTS, continued

District – Investment Credit Risk

California Government Code, Section 53601, limits investments in commercial paper to “prime” quality of the highest ranking or of the highest letter and numerical rating as provided by nationally recognized statistical rating organizations (NRSRO), and limits investments in medium-term notes to a rating of A or better. Individual securities must be backed by the federal government or rated AAA, AA, or A by Standard & Poor’s or AAA, AA, or A by Moody’s indices. The District does not have an investment policy that would further limit investment choices.

Investment Type	Fair Value	S&P Rating
County treasurer’s investment pool	\$ 102,275,111	Unrated

Foundation – Investment Credit Risk

The Foundation does not have an investment policy that limits its investment choices.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District’s investment in a single issuer. Pursuant to *California Government Code*, Section 53601, no more than 5% may be invested in the securities of any one issuer, except the obligations of the U.S. government, U.S. government agencies, and U.S. government-sponsored enterprises. There were no concentrations of credit risk for the District at June 30, 2020. The Foundation did not have any investments that exceeded 5%.

District – Investment Interest Rate Risk

California Government Code, Section 53601, limits the District’s investments to maturities of five years. The District does not have an investment policy regarding interest rate risk.

The schedule of maturities for the District at June 30, 2020, is as follows:

Investment Type	Fair Value	Maturity
County treasurer’s investment pool	\$ 102,275,111	One to Five Years

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 3 – CASH AND INVESTMENTS, continued

Foundation – Investment Interest Rate Risk

The Foundation’s investment policy requires that at least 40% of investments be in fixed income securities and 50% to 60% in equities. Investment decisions are executed with the intent that they will be held to maturity.

Foundation – Highly Sensitive Investments

The U.S. government agency securities (Federal Home Loan Bank) are mortgage-backed securities which entitle the purchaser to receive a share of the cash flows, such as principal and interest payments, from a pool of mortgages. Mortgage securities are sensitive to interest rate changes because principal payments either increase (in a low interest rate environment) or decrease (in a high interest rate environment). A change, up or down, in the payment rate will result in a change in the security yield.

NOTE 4 – ACCOUNTS RECEIVABLE

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. As of June 30, 2020, accounts receivable amounted to \$10,207,167.

NOTE 5 – CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2020, was as follows:

	Balance				Balance
	July 1, 2019	Adjustments	Additions	Deductions	June 30, 2020
Capital Assets not being Depreciated					
Land	\$ 6,139,728	\$ -	\$ -	\$ -	\$ 6,139,728

Total Capital Assets	244,632,455	(3,924,741)	3,798,757	-	244,506,471
Less Accumulated Depreciation	68,104,320	(264,397)	6,445,261	-	74,285,184
Net Capital Assets	\$ 176,528,135	\$ (3,660,344)	\$ (2,646,504)	\$ -	\$ 170,221,287

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 6 – LONG-TERM LIABILITIES

The long-term liability activity for the year ended June 30, 2020, was as follows:

	Balance July 1, 2019	Additions	Payments and Reductions	Balance June 30, 2020	Due Within One Year
Compensated absences	\$ 1,621,777	\$ 76,227	\$ -	\$ 1,698,004	\$ -
General obligation bonds	163,488,102	33,977,169	2,650,000	194,815,271	2,770,000
QEC Bonds - central plant	3,306,253	-	430,822	2,875,431	443,966
QEC Bonds - solar project	7,750,000	-	765,000	6,985,000	825,000
Unamortized bond premium	10,131,605	3,709,965	956,788	12,884,782	956,788
California Energy Commission note payable	1,024,066	-	134,818	889,248	135,473
CREB Leases	6,000,000	-	208,000	5,792,000	223,000
Total Long-Term Liabilities	\$ 193,321,803	\$ 37,763,361	\$ 5,145,428	\$ 225,939,736	\$ 5,354,227

Description of Debt

Payments on the general obligation bonds and lease revenue bonds are made by the Capital Outlay fund. The capital lease payments are made by the General Fund and Capital Outlay fund. The compensated absences are made by the fund for which the employees' salaries are paid from. The District's General Fund makes payments for the golden handshake, supplemental early retirement plan, and load banking obligations from the General Fund.

Bonds Payable

The outstanding bonded debt is as follows:

Series	Issuance Date	Interest Yield	Maturity Date	Amount of Original Issue	Bonds Outstanding July 1, 2019	Additions	Redeemed	Bonds Outstanding June 30, 2020	Due Within One Year
2006 Series C	7/12/2011	0.48-7.25%	8/1/2050	\$ 34,935,795	\$ 7,208,102	\$ 412,169	\$ 425,000	\$ 7,195,271	\$ 385,000

Qualified Energy Conservation Bonds

Interest payments for the qualified energy conservation bonds are subsidized by the government with subsidy payments being sent to the District at regular intervals corresponding to the interest payments being made. These subsidy payments are reported as revenue for the District; therefore, the future interest payments shown in the tables below represent the gross payment amounts.

The District issued 2011 Central Plant qualified energy conservation bonds in the aggregate principal amount of \$6,324,000 with an interest yields of 2.84 to 6.50 percent and maturing through June 3, 2026.

The annual requirements to amortize the 2011 Central Plant qualified energy conservation bonds payable are as follows:

Fiscal Year	Principal	Interest	Interest Subsidy	Total
2021	\$ 443,966	\$ 179,742	\$ (96,010)	\$ 527,698
2022	457,511	150,667	(80,479)	527,699

NOTE 7 – OPERATING LEASES

On April 12, 2016, The District entered into a building operating lease. The lease agreement is effective for ten (10) years. Total monthly payments are \$19,221 and increase by 1.75% yearly, beginning on July 1, 2018. In addition, the District will pay its share of operating expense and real property taxes totaling \$4,606 each month. This agreement contains a termination clause providing for cancellation upon written notice to lessors, but it is unlikely that the District will cancel any of the agreements prior to the expiration date. Future minimum lease payments are as follows:

Fiscal Year	Lease Payment
2021	\$ 242,969
2022	247,221
2023	251,548
2024	255,950
2025	260,429
2026	132,494
Total	<u>\$ 1,390,611</u>

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB)

Plan Description

The District provides certain health care benefits for retired salaried employees. The District’s salaried employees may become eligible for those benefits if they reach normal retirement age and length of service while working for the District. The District covers these benefits for retirees and all eligible dependents to age 65 or for the retirees’ lifetimes depending on the type of retiree (faculty, classified, academic management, or classified management/confidential).

The District, effective with the approval of the Board of Trustees on August 23, 2017 joined the California Public Employees Retirement System (CALPERS) and California Employers Retirement Benefits Trust (CERTB), an agent multiple-employer defined benefit OPEB plan. The CALPERS CERTB is a joint powers authority as discussed in note 11. The Retirement Health Benefit Program (RHBP) does not issue a stand-alone financial report.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB), continued

Funding Policy

The District’s agreement with retired employees is for monthly contributions for members who meet the eligibility criteria of their collective agreement and who retire during the term of the contract. The contribution requirements of the District and plan members are established and may be amended by the District through the collective bargaining process.

The following is a summary of the current employee retiree benefit plan:

	Faculty	Classified	Academic Management	Classified Management/ Confidential
Applies to	Regardless of hire date	Regardless of hire date	Hired prior to 7/1/02	Hired prior to 7/1/02

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2020, the Authority recognized OPEB expense of \$1,840,111. As of the year ended June 30, 2020, the Authority reported deferred outflows and inflows of resources as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 200,955	\$ -
Change in assumptions	16,125,795	14,532,793
District contributions subsequent to the measurement date	3,000,000	-
	<u>\$ 19,326,750</u>	<u>\$ 14,532,793</u>

The deferred outflows/(inflows) of resources related to OPEB will be recognized as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2021	\$ 1,681,967
2022	1,681,967
2023	1,681,967
2024	1,681,966
2025	(2,349,482)
Thereafter	(2,584,428)
	<u>\$ 1,793,957</u>

NOTE 9 – NET PENSION LIABILITY

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are member of the California State Teachers’ Retirement System (CalSTRS), and Classified employees are members of the California Public Employees’ Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

Pension Plan	Collective Net Pension Liability	Collective Deferred Outflows of Resources	Collective Deferred Inflows of Resources	Collective Pension Expense
CalSTRS	\$ 30,311,129	\$ 7,439,004	\$ 3,467,310	\$ 3,148,624
CalPERS	26,772,072	6,825,967	522,268	6,052,970
Total	<u>\$ 57,083,201</u>	<u>\$ 14,264,971</u>	<u>\$ 3,989,578</u>	<u>\$ 9,201,594</u>

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California Public Employees’ Retirement System (CalPERS)

General Information about the Pension Plan

Plan Description – Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees’ Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees’ Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2018 annual actuarial valuation report, Schools Pool Actuarial Valuation, 2013. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2020, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.000%	6.500%
Required employer contribution rate	19.721%	19.721%

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California Public Employees’ Retirement System (CalPERS), continued

General Information about the Pension Plan, continued

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the total District contributions were \$2,577,102.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS

As of June 30, 2020, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$26,772,072. The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2019 and June 30, 2018, respectively was 0.092 percent and 0.088 percent, resulting in a net increase in the proportionate share of 0.004 percent.

Pension Plans – California Public Employees’ Retirement System (CalPERS), continued

For the year ended June 30, 2020, the District recognized pension expense of \$6,052,970. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual earnings on plan investments	\$ -	\$ 248,318
Differences between expected and actual experience	1,944,727	-
Changes in assumptions	1,274,434	-
Net changes in proportionate share of net pension liability	1,029,704	273,950
District contributions subsequent to the measurement date	2,577,102	-
Total	\$ 6,825,967	\$ 522,268

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California Public Employees’ Retirement System (CalPERS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS, continued

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2021	\$ 2,471,699
2022	482,046
2023	471,245
2024	301,607
	\$ 3,726,597

Actuarial assumptions. For the measurement period ended June 30, 2019 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2018 total pension liability. The June 30, 2018 and the June 30, 2019 total pension liabilities were based on the following actuarial methods and assumptions:

Valuation date	June 30, 2018
Measurement date	June 30, 2019
Experience study	July 1, 1997, through June 30, 2011
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund.

The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California Public Employees’ Retirement System (CalPERS), continued

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses:

Asset Class*	Assumed Asset Allocation	Real Return Years 1 - 10**	Real Return Years 11+***
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
Liquidity	100%		

*In the System’s CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

**An expected inflation of 2.0% used for this period

***An expected inflation of 2.92% used for this period

Discount Rate - The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CalPERS’ website.

Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate - The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is in the following table:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
Plan’s net pension liability	\$ 38,590,181	\$ 26,772,072	\$ 16,968,133

Pension plan fiduciary net position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS CAFR at <https://www.calpers.ca.gov>.

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California State Teachers’ Retirement System (CalSTRS)

General Information about the Pension Plan

Plan Description – The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2018, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided - The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP. The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans. The STRP provision and benefits in effect as June 30, 2020 are summarized as follows:

	STRP Defined Benefit Plan	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	9.205%*
Required employer contribution rate	18.13%	18.13%
Required state contribution rate	10.328%	10.328%

*The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California State Teachers’ Retirement System (CalSTRS), continued

General Information about the Pension Plan, continued

Contributions - Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the District's total contributions were \$3,361,875.

On-Behalf Payments - The District was the recipient of on-behalf payments made by the State of California to CalSTRS for community college education. These payments consist of state general fund contributions of approximately \$2,399,219 to CalSTRS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalSTRS

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including state share:

District's proportionate share of the net pension liability	\$ 30,311,129
State's proportionate share of the net pension liability associated with the District	16,536,878
Total	<u>\$ 46,848,007</u>

The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2019 and June 30, 2018, respectively, was 0.034 percent and 0.034 percent, resulting in no net change in the proportionate share.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California State Teachers’ Retirement System (CalSTRS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalSTRS, continued

For the year ended June 30, 2020, the District recognized pension expense of \$3,148,624. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual earnings on plan investments	\$ -	\$ 1,167,325
Differences between expected and actual experience	76,520	853,557
Changes in assumptions	3,833,264	-
Net changes in proportionate share of net pension liability	167,345	1,446,428
District contributions subsequent to the measurement date	3,361,875	-
Total	<u>\$ 7,439,004</u>	<u>\$ 3,467,310</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2021	\$ 28,987
2022	(808,470)
2023	648,672
2024	922,244
2025	(93,060)
Thereafter	(88,554)
	<u>\$ 609,819</u>

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California State Teachers’ Retirement System (CalSTRS), continued

Actuarial Assumptions

The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2018, and rolling forward the total pension liability to June 30, 2019. The financial reporting actuarial valuation as of June 30, 2018, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2018
Measurement date	June 30, 2019
Experience study	July 1, 2010, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant. Based on the model for CalSTRS consulting actuary's investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that the annual returns are lognormally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation is based on Teachers' Retirement Board of the California State Teachers' Retirement System (board) policy for target asset allocation in effect on February 2, 2012, the date the current experience study was approved by the board. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-term Expected Real Rate of Return*
Global Equity	47%	6.30%
Fixed Income	12%	0.30%
Real Estate	13%	5.20%
Private Equity	13%	9.30%
Cash/Liquidity	2%	-1.00%
Risk Mitigating Strategies	9%	2.90%
Inflation Sensitive	4%	3.80%
	100%	

*20-year geometric average

**YUBA COMMUNITY COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2020**

NOTE 9 – NET PENSION LIABILITY, continued

Pension Plans – California State Teachers’ Retirement System (CalSTRS), continued

Discount rate - The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per Assembly Bill 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate - The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.10% percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
Plan's net pension liability	\$ 45,135,780	\$ 30,311,129	\$ 18,018,670

Pension plan fiduciary net position - Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalSTRS CAFR at <http://www.calstrs.com/comprehensive-annual-financial-report>.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

Federal and State Allowances, Awards, and Grants

The District received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 11 – JOINT POWERS AUTHORITIES

The District participates in joint ventures under joint power agreements with the following joint powers authorities (JPAs): Schools Excess Liability Fund (SELF), Tri-County Schools Insurance Group (TCSIG), Northern California Community Colleges Self Insurance Authority (NCCC SIA), California Asset Management Program (CAMP), Statewide Association of Community Colleges (SWACC), and CALPERS CERTB. The relationship between the District and the JPAs is such that the JPAs are not component units of the District for financial reporting purposes. The JPAs arrange for and provide property, liability, workers' compensation, dental, vision, and excess liability coverage for their members. Each member pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionate to its participation in the JPA.

TCSIG arranges for and provides health benefits coverage for its member districts. CALPERS CERTB has established the Retiree Health Benefit Program (RHBP) to use funds invested by the District to pay postemployment health care and welfare benefits for eligible employees and retirees. As of June 30, 2020, no funds have been contributed to RHBP. CAMP is a JPA created to provide investment management services for surplus funds and comprehensive investment management, accounting, and arbitrage rebate calculation services for proceeds of tax-exempt financings. The District participates in the remaining JPAs to mitigate its risks associated with property and liability insurance, as well as workers' compensation coverage, as described further in note 2 above.

Each JPA is governed by a board consisting of representatives from the members. The boards control the operations of the JPAs, including selection of management and approval of operating budgets, independent of any influence by the members beyond their representation on the boards. Each member (except CAMP and CCLC) pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionate to its participation in the JPA. The District's share of year end assets, liabilities, or fund equity is not calculated by the JPA's (except CAMP). Separately issued financial statements can be requested from each JPA.

NOTE 12 – PRIOR PERIOD ADJUSTMENT

The beginning net position decreased by \$3,660,344. This was due to reconciling the District's capital asset system to prior year capital asset listings and adjusting beginning balances to accurately reflect asset balances.

NOTE 13 – SUBSEQUENT EVENTS

The District evaluated subsequent events from June 30, 2020 through December 28, 2020, the date the financial statements were issued. The District concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTE TO THE SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 1 - PURPOSE OF SCHEDULES

District Organizational Structure

This schedule provides information about the District's governing board members and administration members.

Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (Part 200), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

Schedule of Revenues and Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment – Annual/Actual Attendance

FTES is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

Reconciliation of Annual Financial and Budget Report (CCFS-311) With Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

Reconciliation of the ECS 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

**YUBA COMMUNITY COLLEGE DISTRICT
NOTE TO THE SUPPLEMENTARY INFORMATION, continued
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 1 – PURPOSE OF SCHEDULES, continued

Details of the Education Protection Account

This schedule provides the District's summary of receipts and uses of the monies received through the EPA.

Reconciliation of Governmental Funds to the Statement of Net Position

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

**OTHER INDEPENDENT
AUDITORS' REPORTS**

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
Yuba Community College District
Yuba City, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Yuba Community College District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Yuba Community College District's basic financial statements, and have issued our report thereon dated December 28, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Yuba Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Yuba Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Yuba Community College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Audit Findings and Questioned Costs that we consider to be significant deficiencies as item #2020-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Yuba Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CWDL, Certified Public Accountants

San Diego, California
December 28, 2020

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees
Yuba Community College District
Yuba City, California

Report on Compliance for Each Major Federal Program

We have audited Yuba Community College District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Yuba Community College District's major federal programs for the year ended June 30, 2020. Yuba Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Yuba Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Yuba Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Yuba Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Yuba Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Yuba Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Yuba Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Yuba Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did identify certain deficiencies in internal control over compliance, described in the accompanying Schedule of Findings and Questioned Costs, that we considered to be significant deficiencies item #2020-002.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

San Diego, California

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

The Board of Trustees
Yuba Community College District
Yuba City, California

Report on State Compliance

We have audited Yuba Community College District's compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on Yuba Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about Yuba Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Yuba Community College District's compliance with those requirements.

Opinion on State Compliance

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2020.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine Yuba Community College District's compliance with the state laws and regulations applicable to the following items:

Section 411 – SCFF Data Management Control Environment
Section 421 – Salaries of Classroom Instructors (50 Percent Law)
Section 423 – Apportionment for Instructional Service Agreements/Contracts
Section 424 – Student Centered Funding Formula Base Allocation: FTES
Section 425 – Residency Determination for Credit Courses
Section 426 – Students Actively Enrolled
Section 427 – Dual Enrollment (CCAP and Non-CCAP)
Section 428 – Student Equity
Section 429 – Student Success and Support Program (SSSP)
Section 430 – Scheduled Maintenance Program
Section 431 – Gann Limit Calculation
Section 435 – Open Enrollment
Section 439 – Proposition 39 Clean Energy
Section 444 – Apprenticeship Related and Supplemental Instruction (RSI) Funds
Section 475 – Disabled Student Programs and Services (DSPS)
Section 479 – To Be Arranged Hours (TBA)
Section 490 – Proposition 1D State Bond Funded Projects
Section 491 – Proposition 55 Education Protection Account Funds

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*. Accordingly, this report is not suitable for any other purpose.

Section II – Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

FINDING #2020-001 – CREDIT CARDS

Criteria

Best practices require proper safeguarding and managing of District assets to ensure ongoing effective operations; maintenance of adequate cash reserves; and implementation and maintenance of effective internal controls.

Condition

During our review and testing of the District credit card policy, procedures, and transactions we noted an opportunity to strengthen controls:

- We noted that after one employee did not have a signed credit card user agreement and had made purchases during the year.

Effect

Non-compliance with District procedures and effective internal controls.

Cause

The District issued a Cal-card to an individual prior to obtaining a signed cardholder agreement. The cardholder has since had their card closed so no further purchases can take place. The District is expected to be in compliance during the 2020-21 fiscal year.

Fiscal Impact

None.

Recommendation

The District should ensure that all employees prior to receiving a Cal-card, should sign the cardholder agreement.

Management's Response and Corrective Action Plan

Since the last audit, the District has been continuing to put controls and practices in place to ensure stronger control over credit cards. All cardholders upon accepting the Cal-card and annually, will certify the cardholder agreement acknowledge that the use of the Cal-card is for official business only. These forms will be obtained prior to any purchases made on the Cal-card. To ensure that the Cal-Card users understand the use requirements, Annual Cal-Card Training program has been implemented for all Cal-Card holders. Trainings are also recorded and posted on the Fiscal Services website.

**YUBA COMMUNITY COLLEGE DISTRICT
SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Section III – Federal Award Findings and Questioned Costs

This section identifies the audit findings required to be reported by the *Uniform Guidance* (e.g., deficiencies, significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs).

FINDING #2020-002 – GRAMM-LEACH-BLILEY ACT COMPLIANCE

Criteria or Specific Requirement

The Gramm-Leach Bliley Act (GLBA) requires districts to have a documented response to the Safeguards Rule. Specifically, this response covers key requirements including:

- Designate an information security officer and related oversight responsibilities for the institution's security.
- Assess the risks to confidential information, assess the level of mitigating controls in place, and identify action plans to accept or further mitigate remaining risks.
- Implement an information security program, including various technical and physical underlying controls, such as data encryption and secure shredding processes.
- Oversee vendor relationships to ensure confidential data are secured at their locations when applicable and access is controlled when vendors connect to the institution.
- Perform an ongoing evaluation of their program to keep content current with an ever-evolving security environment.

Condition

We noted that the District has completed all steps towards compliance with GLBA after the close of the fiscal year. The District will be in compliance beginning in fiscal year 2020-21.

Questioned Costs – Not applicable.

Context

Compliance with GLBA requirements.

Effect

The intent of the GLBA Safeguards Rule is to enhance security over confidential information. Without a documented response to all applicable requirements, the District is more susceptible to IT vulnerabilities than it will be following full implementation.

Cause

The law was effective towards the end of the fiscal and provided minimal amount of time to administration to implement. Steps taken in response to GLBA compliance requirements will require extensive administrative efforts to implement.

**YUBA COMMUNITY COLLEGE DISTRICT
SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FINDING #2020-002 – GRAMM-LEACH-BLILEY ACT COMPLIANCE, continued

Recommendation

The District should continue to assess any changes to maintain compliance with any changes to GLBA.

Management's Response and Corrective Action Plan

The District has taken the necessary steps to ensure compliance with the GLBA and as of the audit report date, the district has implemented all areas and will be in compliance for fiscal year 2020-21.

**YUBA COMMUNITY COLLEGE DISTRICT
SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Section IV – State Award Findings and Questioned Costs

This section identifies the audit findings pertaining to noncompliance with state program rules and regulations.

There were no state award findings or questioned costs identified during 2019-20.

**YUBA COMMUNITY COLLEGE DISTRICT
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FINDING #2019-001 – OVERALL CLOSING PROCESS

Criteria or Specific Requirement

Best practices require a review and reconciliation of all account balances to reflect proper activity at year end in accordance with Generally Accepted Accounting Principles (GAAP).

Condition

Capital Asset balances maintained in the District's tracking system, AssetMaxx, were not properly reconciled with 2018-19 capital outlay expenditures in order to ensure that all capital additions were properly recorded.

Questioned Costs

Material adjustments to the financial statements were reviewed with management and accepted for posting. No questioned costs were associated with this finding.

Context

Capital asset additions were initially recorded as \$245,883 in AssetMaxx with no changes to construction in progress. During the YE closing process, total additions were determined to be \$11,391,434 including \$6,126,240 of transfers out of construction in progress.

Effect

Material adjustments to the capital asset listing were proposed as a result of audit procedures. These adjustments were accepted by management to ensure the financial statements were presented fairly.

Cause

The oversight and monitoring controls over the asset accounts and the closing process appear not to have been adhered to.

Recommendation

As part of the closing process, the District should develop a procedure to review all capital outlay expenditures in order to determine the accuracy of the balances per AssetMaxx.

**YUBA COMMUNITY COLLEGE DISTRICT
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FINDING #2019-001 – OVERALL CLOSING PROCESS, continued

Management's Response and Corrective Action Plan

At least fifty percent of the fiscal services staff have worked with the District and in higher education for a year or less. There was some confusion regarding automatic postings of assets and therefore other funds of the District were not checked nor was it understood that all 6000 Object Code line items should be reviewed for potential postings to AssetMaxx as additions (receipts or Construction in Progress). The Purchasing staff viewed this system (AssetMaxx) as recording items only from the Unrestricted General Fund (Fund 11). It is important to note that the totals recorded in the District General Ledger were accurate and presented properly in the Districts Annual Financial and Budget Report (CCFS 311).

The District has evaluated its current closing process for Capital Assets and will immediately institute a quarterly reconciliation process between the General Ledgers of all funds and AssetMaxx. This work will be completed by purchasing staff and signed off on by the Director of Fiscal Services. With this process in place, all funds will be reconciled by year-end and recorded in the Capital Asset report provided to the Auditors. By December 31, 2019, the reconciliation process for District Capital Assets for the first and second quarter of this fiscal year (2019-20) will be completed.

Status

Implemented.

FINDING #2019-002 – CREDIT CARDS

Criteria

Best practices require proper safeguarding and managing of District assets to ensure ongoing effective operations; maintenance of adequate cash reserves; and implementation and maintenance of effective internal controls.

Condition

During our review and testing of the District credit card policy, procedures, and transactions we noted an opportunity to strengthen controls:

- We noted that after one employee returned a personal purchase made on a District credit card, the credit card was not reissued or revoked.
- We noted instances in which receipts submitted in support of employee credit card charges were not sufficiently itemized to enable review of the appropriateness of the transactions, specifically for the purchase of food.

Effect

Non-compliance with District procedures and effective internal controls.

Cause

The District did not have a formal policy or practice in place to ensure controls over credit cards included all necessary elements.

**YUBA COMMUNITY COLLEGE DISTRICT
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FINDING #2019-002 – CREDIT CARDS, continued

Fiscal Impact

Unknown. The District is undergoing an analysis of card usage to determine whether district purchasing processes have been circumvented, or whether any purchases were unallowable and went undetected under past practices.

Management's Response and Corrective Action Plan

Since the last District audit (2018) the District has been working to put controls and practices in place to ensure stronger control over credit cards.

After notification by the external auditors during their interim visit (June 2019) of a potential fraud case with the use of a Cal-Card, a procedure was immediately put in place to strengthen controls. The Director of Fiscal Services, Accounts Payable staff responsible for Cal-Card processing and the Vice Chancellor of Administrative Services are all now immediately notified via email from US Bank of all attempted fraud cases involving District employees when they occur. Thereafter, the Vice Chancellor must review the case facts with the fraud department of US Bank before determining whether to reissue a new card to the employee affected. If a matter requires administrative attention it is reported to the Chancellor Office for a possible investigation and the results will determine the outcome of the employee status and future Cal-Card authorization. Over the audit year (2018-19), the District has experienced six potential fraud cases with five of those being cleared and one case was inconclusive.

Cardholders upon accepting the Cal-card and annually upon re-certifying the Cardholder agreement acknowledge that the use of the Cal-card is for official business only. As a reminder, a PowerPoint presentation of what is considered allowable and non-allowable charges is also shared with each cardholder annually.

The Fiscal Services staff noted several months ago that the Cal-card was being used for food in several instances and created a form that required prior approval from the Fiscal Services Department. Plus, all charges of this nature required a sign roster of all attendees who consumed food at the event. This was an immediate stop-gap process to start gaining control of all food activity occurring in the District with the use of the Cal-Card. This is not the ideal approach of how to handle this activity, but it allowed for a comprehensive review of vendor use and provided the staff with essential information to start working on alternate solutions.

This topic (of food) led to a conversation with the Chancellor, College Presidents and the Vice Chancellor of Administrative Services. One of the outcomes of the meeting is that the College President's will determine whether a food request is allowable per source of funds identified and other criteria, sign as approver and send the form to Fiscal Services 10 days prior to the planned event. Fiscal Services still has the oversight responsibility to determine if the request is appropriate and in alignment with all applicable regulations. With this change, Fiscal Services staff enhanced the food request form and provided additional details and instructions for potential card users.

**YUBA COMMUNITY COLLEGE DISTRICT
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FINDING #2019-002 – CREDIT CARDS, continued

Management's Response and Corrective Action Plan, continued

The District Fiscal Services Staff is in the process of setting up corporate accounts with vendors, using more Agreements for Services and other locally used contracts to handle food transactions at authorized events and process those transactions through the District purchase order system. In addition, the Vice Chancellor of Administrative Services is presenting a District wide food policy to Cabinet in January 2020 for discussion and adoption before the current fiscal year close.

Status

See finding #2020-001.

FINDING #2019-003 – ACCOUNTS PAYABLE ACCRUALS

Criteria or Specific Requirement

The completeness and accuracy criteria of recording expenses in the proper time period under Generally Accepted Accounting Principles indicate that an analysis should be performed on services provided prior to the fiscal year end to determine if an expense should be recorded through the posting of an accounts payable for expenses that have not been paid by the fiscal year end. When actual values are not available, due to invoices not having been received or other situations, the District should review the facts and circumstances of the services or materials provided, consider contacting the vendor or using other methods, to accrue an estimated amount based on the most current available information for any work completed or materials received by the fiscal year end.

Condition

The District did not accrue one invoice totaling approximately \$20,879 for the cost of services provided during the 2018-19 fiscal year for work that was completed prior to close but for which the invoice was not properly routed to the business office.

Questioned Costs – Not applicable

Context

Services provided prior to June 30, 2019 had not been accrued.

Effect

The accounts payable and related expense accounts were understated on the District's general ledger.

Cause

The District process for estimating liabilities when no invoice has been received was not effective.

**YUBA COMMUNITY COLLEGE DISTRICT
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FINDING #2019-003 – ACCOUNTS PAYABLE ACCRUALS, continued

Recommendation

The District should ensure that part of the fiscal year end close process is to verify that invoices have been received for all ongoing projects or amounts have been estimated where applicable. There are several methods that can be implemented if amounts need to be estimated, including estimates based on a prior month billing, estimating based on a percentage of completion, or estimating based on purchase order prices or contract rates.

Management's Response and Corrective Action Plan

The District Fiscal Services staff has worked for more than a year with managers and vendors to ensure all invoices are directly routed to the attention of accounts payable using the District office mailing address. A year-end closing schedule was made available several months prior to the year-end close with applicable closing instructions identifying July 18, 2019 as the final date to submit invoices for payment. This finding was the oversight of one manager who did not notify Fiscal Services in time to record the invoice (\$20,879) in the appropriate fiscal year according to Generally Accepted Accounting Practices (GAAP).

The Fiscal Services staff did a very thorough job of closing out all anticipated and expected year-end entries. The account in question showed balances that were not unusual from prior year activity and therefore a potential unpaid invoice was not caught through a secondary check process as noted under the recommendation section of this finding.

Going forward and starting with the current fiscal year (2019-20), the year-end close schedule is published on July 1 for the fiscal year ending June 30. This is a full year notice and on July 1, 2019 the management team and all budget managers received notice for fiscal year 2019-20 year-end close dates.

The Purchasing staff is working to add additional language to purchase orders that are routed to vendors to ensure the accounts payable billing address is clearly noted as the District Office. In addition, during the December 2019 Management Council Meeting this will be a topic of discussion to remind all managers of the importance of year-end closure procedures, specifically closing out invoices tied to budgets they are responsible for managing.

Status

Implemented.

FINDING #2019-004 – GRAMM-LEACH-BLILEY ACT COMPLIANCE

Criteria or Specific Requirement

The Gramm-Leach Bliley Act (GLBA) requires districts to have a documented response to the Safeguards Rule. Specifically, this response covers key requirements including:

- Designate an information security officer and related oversight responsibilities for the institution's security.
- Assess the risks to confidential information, assess the level of mitigating controls in place, and identify action plans to accept or further mitigate remaining risks.
- Implement an information security program, including various technical and physical underlying controls, such as data encryption and secure shredding processes.
- Oversee vendor relationships to ensure confidential data are secured at their locations when applicable and access is controlled when vendors connect to the institution.
- Perform an ongoing evaluation of their program to keep content current with an ever-evolving security environment.

Condition

We noted that the District has completed all steps towards compliance with GLBA, with the exception of the final step; the development of the response is currently underway with anticipated completion and implementation during 2019-20.

Questioned Costs – Not applicable.

Context

Compliance with GLBA requirements.

Effect

The intent of the GLBA Safeguards Rule is to enhance security over confidential information. Without a documented response to all applicable requirements, the District is more susceptible to IT vulnerabilities than it will be following full implementation.

Cause

The law was effective towards the end of the fiscal and provided minimal amount of time to administration to implement. Steps taken in response to GLBA compliance requirements will require extensive administrative efforts to implement.

Recommendation

The District should continue towards full implementation of its documented response to the GLBA Safeguards Rule in the 2019-20 year.

FINDING #2019-004 – GRAMM-LEACH-BLILEY ACT COMPLIANCE, continued

Management's Response and Corrective Action Plan

YCCD District Administrators have designated the Director of IT Infrastructure and Security position as the District's Information Security Officer and charged the incumbent with the responsibilities of managing the District's Information Security. Further, the District has identified several external vendors to perform an Information Security Assessment. Findings from this assessment will augment the security controls that have been implemented since 4/2018 and will be utilized to reduce risk of known issues, provide building blocks for the District's Information Security Program, and act as a baseline for the ongoing evaluation of the program. The District agrees to have completed documented responses to the GLBA Safeguards Rule by 12/31/2020.

Status

See finding 2020-002.
