Healthcare Bluebook

Healthcare Bluebook is a FREE added healthcare benefit to help you shop for care, compare facilities, save money on healthcare services, and earn rewards. The web and mobile applications make it easy to save money on hundreds of the most common medical services and procedures by showing you the cost ranges in your area and providing you with a selection of FAIR PRICE facilities.

Bluebook's web and mobile application make it easy to save money on hundreds of common medical services and procedures by showing you the cost ranges in your area and providing you with a selection of Fair Price™ (green) facilities.

Detailed information is also provided on the quality of common inpatient procedures (those that require a hospital stay). Healthcare Bluebook will help you to easily identify and select a facility that has a high-quality rating.

What is the "FAIR PRICE?"

The Fair Price™ is the amount you should reasonably expect to pay for a service or procedure and is based on the actual amount paid on the claim, not the billed amount, reflecting the discounts that the health plan has negotiated with the facility.

Here's an example of dramatic price differences between one facility and another.

QUALITY

Aren't all hospitals good at everything?

No, very few hospitals are good at all procedures. For example, a hospital can be among the highest performing facilities in the US for heart surgery, yet the same hospital can also be among the lowest performing facilities for joint replacement.

Can cheaper mean better quality? YES! Absolutely!

Providers with lower costs can have higher quality; there is no correlation between high cost and high quality. Healthcare Bluebook provides cost and quality ratings side-by-side for inpatient procedures,

which is where quality matters most. By using Bluebook, it's easy to see which facilities offer the highest quality at the lowest costs.

REWARDS

How do I earn Go Green to Get Green Rewards?

You can earn rewards by simply visiting green providers for rewards-eligible procedures. Bluebook does all of the processing; there are no additional forms to submit.

Always check in-network status before scheduling.

EASY SETUP

How do I access Healthcare Bluebook?
