The District/College Evaluation Team will review the pro's and con's of each synthetic field system (AstroTurf, Field Turf, and SHAW) and the "Best Value" to the District/College. The total cost is one of the factors that will be considered. The lowest cost proposal option may not be the "Best Value" option as determined at the sole discretion of the District/College and per RFP 25-07a, b, and c.
